

MemoryS 2025

INVITATION

March 12 JW Marriott Hotel in Shenzhen Bao'an

Dear Guest,

We cordially invite you to MemoryS 2025.

As a premier event in the Asia - Pacific memory industry chain, it serves as a crucial platform for memory and application enterprises. Each year, decision - makers from upstream and downstream of the memory industry, covering sectors like mobile phones, PCs, servers, automotive, IoT, and AI, gather to explore industry trends.

In 2025, the memory industry faces both opportunities and challenges. Fiercer competition in advanced technologies will reshape the market landscape. With the theme "MEMORY LANDSCAPE. VALUE RE-SHAPE", the conference aims to discuss how technological innovation can generate greater value for customers. Core industry manufacturers will be invited to share advanced technologies and their latest plans, boosting market confidence, driving industry upgrading, and jointly tackling challenges.

We look forward to your presence!
